

SHAREHOLDER COMMUNICATIONS POLICY

The Board of Directors aims to ensure that Shareholders are informed of all major developments. Information is communicated to Shareholders as follows:

Reports to Shareholders

The Annual Report is distributed to all Shareholders (unless a Shareholder has specifically requested not to receive the Report). The Board ensures that the Annual Report includes relevant information about the operations of the Company during the year, changes in the state of affairs of the Company and details of future developments, in addition to the other disclosures required by the Corporations Act 2001.

The Half-yearly Report contains summarised financial information and a review of the operations of the Company during the period. Half-yearly audited Financial Statements prepared in accordance with the requirements of Accounting Standards and the Corporations Act 2001 are lodged with AIM. The Financial Statements are sent to any Shareholder who requests them.

AIM Announcements

Regular reports are released through the Regulatory News Service ("RNS") of the London Stock Exchange.

Annual General Meetings

The Board encourages full participation of shareholders at the Annual General Meeting to ensure a high level of accountability and identification with the Company's strategy and goals. In preparing for general meetings of the Company, the Company will draft the notice of meeting and related explanatory information so that they provide all of the information that is relevant to shareholders in making decisions on matters to be voted on by them at the meeting. This information will be presented clearly and concisely so that it is easy to understand and not ambiguous.

The Company will use general meetings as a tool to effectively communicate with shareholders and allow shareholders a reasonable opportunity to ask questions of the Board of Directors and to otherwise participate in the meeting.

The external auditor of the Company will be asked to attend each annual general meeting and to be available to answer shareholder questions about the conduct of the audit and the preparation and content of the auditor's report.

Important issues are presented to the shareholders as single resolutions. The shareholders are also responsible for voting on the appointment of directors.

Company Website

The Company is committed to maintaining a Company website with general information about the Company and its operations and information specifically targeted at keeping the Company's shareholders informed about the Company.

In particular, where appropriate, after confirmation of receipt by the Regulatory News Service, the following will be posted to the Company website:
